

BURLINGTON AIRPORT F-35 BOYCOTT

Boycott the Burlington Airport (BTV) because F-35 operations:

- *Endanger the hearing of airport passengers and airport employees.*
- *Endanger learning of children in 3000 families living near the airport.*
- *Impair reading, memory, attention, and problem-solving ability of children at 7 schools.*
- *Unjustly impact low-income, indigenous, people of color, and immigrant communities.*
- *Are for training for wars for oil.*
- *Emit thousands of tons of carbon dioxide and other pollutants annually.*
- *Were imposed against the will of the people in Burlington and Winooski in town votes.*
- *Degrade affordable homes, reduce property values, and increase local taxes and rents.*
- *Soon put F-35 nuclear bomb delivery vehicles amidst 3 cities and 2 towns.*

I voluntarily pledge to boycott flying to or from Burlington Airport (BTV):

I will avoid BTV for flights (except in case of work necessity or personal emergency).

I will actively choose to use other airports or other means of transportation.
